PRESIDENT:

Linda attended the interguild meeting last week 26 guilds were in attendance and most guilds will be continuing on zoom until at least January of 2022. The management team discussed the topic of current Covid restrictions, uncertainty of variants, uncertainty around hall rentals and planning for next year programs. After the discussion, Hope put forward a motion recommending that our guild continue our general monthly meetings via Zoom until February 2022. It was seconded by Louise and all were in favor. Linda will address this decision in her president's message for the May newsletter.

Linda shared the various tentative quilt show dates provided by other guilds during the interguild meeting. Some guilds have quilt show dates in 2022 and others are waiting until 2023. Linda will get another update from the other guilds in September. The management team will discuss the timing for our guild quilt show in September. Moira reminded everyone that the deadline to get advertisement for the quilt show into the various town calendars/publications is October 2021 for the following 2022 year.

Reminder that your year end committee reports are due in June.

It was suggested that the June meeting could be a pyjama “party” meeting. We will share this with the members at the May meeting.

#### PAST PRESIDENT:

Nijole shared an update on the expenses for the 30th Anniversary activities. Nijole has received positive feedback from members about getting the piece of fabric in the mail for the banner project. The timing for the return of the piece of fabric will be coordinated with a library day whenever Covid regulations allow us to organize one.

Current Guild management positions available are Vice President, Programs, Block of the Month, Publicity. Recruitment for candidates for these positions is ongoing. Nijole will highlight the program's position in this month's newsletter.

Nijole asked everyone on the management team to confirm with her via email the start date for each person in your current role.

#### SECRETARY:

Virtual sew days have wrapped up until next fall. They were well attended this year.

The guild zoom account renewal is coming up in July 2021. There was discussion on the cost and features of the current plan and the next level zoom plan. Hope seconded the motion and all were in favour. The zoom account will be renewed and upgraded to the next level
